Welcome to the sixth edition of the Public Library Data Service's Statistical Report. This report is the result of the hard work and dedication of a large group of enthusiastic people. Special thanks to:

- The public librarians who collect the data, fill out the questionnaires, and return them complete and on time, thus providing the text for this book;
- The Public Library Data Service Advisory Committee, chaired by Sheldon Kaye with members Jane Eickhoff and Keith Lance, who provide guidance and help create the annual "one-time only" questions;
- The University of Wisconsin-Madison School of Library and Information Studies, especially faculty members Debra Wilcox Johnson and Douglas L. Zweizig; project assistants Linda Fidler and Christine Pawley; Cynthia Firtik and Andrew Clarkowski, who input the data; and programmer Richard;
- The staff of the Baltimore County Public Library, under the direction of Charles Robinson, who provide the graphic design, layout and production skills;
- The staff of the Public Library Association, who coordinate all these efforts.

The purpose of this book is to contribute to better public library planning and evaluation. To do this, we welcome participation from public libraries of all sizes. If you would like to add your library's statistics to this database, or if you have suggestions which could improve this product, please contact me.

Scope of this Report

The following groups of public libraries were invited to respond to the sixth annual Public Library Data Service Questionnaire:

- All libraries which participated in the 1992 Public Library Data Service Statistical Report
- A randomly selected group of 141 libraries serving populations of 50,000-100,000
- Any other public libraries requesting inclusion

Data from libraries in these groups may not be in the following report if the library did not return the questionnaire or if it was returned too late for inclusion.

This 1993 report includes data from 630 public libraries, 56 more than the 1992 report and the highest since the beginning of the survey. This report also features for the first time a Public Library Finance Survey in Section VI.

I. Library Identification

Data reported in this section are arranged alphabetically by the name of the library. Data in all other sections are arranged by size of population served. Use this section to determine the size of the population served by any reporting library.

Responses to these questionnaire items are represented in the Library Identification tables.

The number of U.S. public libraries by population group are reported below. The data for this table were taken from the Federal-State-Cooperative System (FSCS) Public Libraries Survey 1990. For comparison, the number of U.S. libraries participating in the 1993 report also are given. In addition to the total number of U.S. libraries responding, 30 Canadian libraries responded, for a total of 630 libraries. The Canadian libraries have not been included in the chart below.

A. GENERAL INFORMATION

2. **Population of legal service area.** Report the number of people in the geographical area for which the public library has been established to offer services and from which (or on behalf of which) the library derives income plus any areas served under contract for which this library is the primary service provider. See Chapter 5 of *Output Measures for Public Libraries*, second edition (OMPL2, ALA, 1987), for suggestions regarding sources for this figure.

Population of legal service area _____

5. **Central library.** A single library building or a building where the principal collections are kept and handled, also called Main Library. A library system may or may not have a central library. Some systems may have an administrative center which is separate from the principal collection and is not open to the public. This type of building should not be reported.

Do you have a central library? (circle one) Yes No

6. **Branch libraries.** Report number, using the following definition: Branch libraries are auxiliary units which have all of the following: (1) separate quarters, (2) a permanent basic collection of books, (3) a permanent paid staff, and (4) a regular schedule for opening to the public.

Number of branches _____

7. **Bookmobiles.** Report number, using the following definition: A truck or van especially equipped to carry books and other library materials that serves as a traveling branch library. Count vehicles in use, not stops, during most recent fiscal year.

Number of bookmobiles _____

II. Financial Information

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section 1, Library Identification, where libraries are listed in alphabetical order.

Derivative numbers were determined in the following manner:

$$\text{Expenditures per capita} = \frac{\text{Total operating expenditures}}{\text{Population of legal service area}}$$

$$\text{Salaries as a percent of expenditures} = \frac{\text{Expenditures for salaries and wages}}{\text{Total operating expenditures}}$$

$$\text{Materials as a percent of expenditures} = \frac{\text{Expenditures for library materials}}{\text{Total operating expenditures}}$$

$$\text{Materials expenditures per capita} = \frac{\text{Expenditure for library materials}}{\text{Population of legal service area}}$$

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

1. **Ending date for latest fiscal year.** __/__/__

For Items 8 and 9 report the current salary regardless of fiscal year.

8. **Current annual salary of director.** $ _____

9. **Salary of beginning librarian.** Report the salary that would typically be paid to a beginning librarian with an M.L.S. degree and no professional experience.

Current annual salary of beginning librarian $ _____

SOURCES OF INCOME

*Operating finances are defined as follows: the current and recurrent income for, and costs necessary to the provision of library service, such as personnel, library materials, binding supplies, repair or replacement of existing furnishings and equipment, and costs incurred in the operation and maintenance of the physical facility. Note: Local accounting practice shall determine whether a particular source of income or expense is an operating appropriation or expense, regardless of the examples just given. This questionnaire **DOES NOT** ask for capital income or expense, however you define it.*

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

13. **Local.** Report all tax and nontax receipts allocated by the community, district, or region of the public library and available for expenditure by the public library. Do **NOT** include the value of any contributed or in-kind services or the value of any gifts, donations, fines, or fees.

Income from local government $ _____

14. **State.** Report all revenue from funds collected by the state and distributed to public libraries for expenditure by the public libraries, **EXCEPT** for federal monies distributed by the states.

Income from state governments $ _____

15. **Federal.** Report all revenue from funds collected by the federal government and distributed to public libraries for expenditure by the public libraries, including federal monies distributed by the states.

Income from federal government $ _____

16. Other income. Report all income other than that reported in Items 13-15. Include, for example, gifts, donations, interest, fines, and fees. This amount is the difference between the sum of the income reported in Items 13-15 and the total income, reported in Item 17. Do not include the value of any contributed services or the value of in-kind gifts and donations.

Other income $ _____

17. Total income. Total of Items 13-16 $ _____

18. Does the local income for the **current** fiscal year reflect an **increase** or a **decrease** in actual dollars (i.e., not adjusted for inflation)?

[Please check [**X**] one.]

☐ **increase**: Our current local income is _____ % **greater** than the income reported in item 13.

☐ **no change**: Our current local income is the **same** this year as reported in item 13.

☐ **decrease**: Our current local income is _____ % **less** than the income reported in item 13.

OPERATING EXPENDITURES

19. Salaries and v ages. This amount should be the salaries and wages for all library staff except plant operation and maintenance staff for the fiscal year. Salaries for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include salaries and wages before deductions, but exclude employee benefits.

Expenditure for salaries and wages $ _____

20. Employee benefits. These are defined as follows: The benefits outside of salary and wages paid and accruing to an employee except plant operations and maintenance staff, regardless of whether the benefits or equivalent cash options are available to all employees. Benefits for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include amounts spent by the library for direct, paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits. If these benefits are not paid from the library budget, mark N/A.

Expenditure for employee benefits $ _____

21. Library materials. Include expenditures for material in all formats purchased for use by patrons.

Expenditure for library materials $ _____

22. Other operating expenditures. Include all operating expenditures not reported in Items 19-21. Report salaries and benefits for plant operations and maintenance staff if paid from the library budget.

Expenditure on all other items $ _____

23. Total operating expenditures. Total of Items 19-22.

Total operating expenditures $ _____

III. Library Resources and Community Measures

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a specific library about which information is desired, consult Section I, Library Identification, where libraries are listed in alphabetical order.

3. **Library registration.** Report this figure only if the library has purged its file at least once *within* the last three years. If not, indicate by putting N/A in the space. See Chapter 5 of OMPL2 for suggestions for determining this figure.

Library registrations _____

4. **Holdings.** For the purpose of this data service, holdings will be defined as in OMPL2: the number of cataloged items (number of items, **NOT** number of titles) plus paperbacks and videocassettes even if uncataloged. Do **NOT** include periodicals whether cataloged or uncataloged.

Holdings _____

B. STAFF (FULL-TIME EQUIVALENT)

Report figures as of the last day of the fiscal year. Include unfilled positions if a search is currently underway. Report FTE in terms of your standard work week as long as that standard week is between 35 and 40 hours. If not, please convert to 40 hours a week.

10. **Librarians.** Report FTE of all who are: Staff members doing work that requires professional training and skill in the theoretical or scientific aspect of library work, or both, as distinct from its mechanical or clerical aspect. The usual educational requirement is a master's degree (or its historical antecedent) from a library education program. Include staff in managerial positions as well as in other positions.

Number of librarians (FTE) _____

11. **All other paid staff.** Include all other persons paid by the library budget **EXCEPT** plant operations and maintenance staff. Include paraprofessionals, clerks, pages and professionals other than librarians.

Number of all other paid staff (FTE) _____

12. **Total paid staff (FTE).** Total of Items 10-11. _____

D. COMMUNITY MEASURES

Items 24-28 below are optional. Age and education measures were selected for inclusion in the Public Library Data Service because they are known to be related to library service. These particular categories of age and education were selected because they are available for most legal service areas from the County and City Data Book *(CCDB). If you can provide the data easily from CCDB or a reliable local source, please do so. If your legal service area is not shown in CCDB or a reliable local source or if that source uses different subcategories for age (Items 24-26) and education (Items 27-28), please mark NA in each blank.*

AGE

24. The percentage of people under 5 years old is _____ %

25. The percentage of people from 5 through 14 years old is _____ %

26. The percentage of people 65 years old or more is _____ %

EDUCATION

27. The percentage of people 25 years old and over who have completed 12 years or more of school is _____ %

28. The percentage of people 25 years old and over who have completed 16 years or more of school is _____ %

IV. Annual Use Figures

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section 1, Library Identification, where libraries are listed in alphabetical order.

Please provide the latest data available regardless of fiscal year.

The data elements and output measures listed below are described in Output Measures for Public Libraries *(OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2, ALA, 1987). It is expected that you have followed these procedures or those described in the first edition (ALA, 1982). For Items 29-33 report separate figures for the central library (if any) and for all branches as well as a total. If you do not have a central library, put N/A in the space. For Items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.*

ANNUAL COUNTS

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPL. They will be used with population of legal service area to produce per capita measures.

	Central Library	Total for All Branches/ Bookmobiles	Total	Not Available
29. Annual circulation (OMPL2 p.42-44)				
30. Annual in-library materials use (OMPL2 p.44-47)				
31. Annual reference transactions (OMPL2 p.65-69)				
32. Annual number of library visits (number of **individuals** entering the library)(OMPL2 p.37-41)				
33. Annual program attendance (OMPL2 p.71-72)				

F. INTERLIBRARY LOAN

40. Interlibrary loan. An item of library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are *not* under the same library administration.

a. Loans provided to other libraries _____

b. Loans received from other libraries _____

V. Output Measures and Role Selection

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section 1, Library Identification, where libraries are listed in alphabetical order.

The per capita figures in these tables were determined by dividing the following annual counts by the reported population of the library's legal service area.

- ❑ Circulation
- ❑ In-Library Visits
- ❑ Visits
- ❑ Reference Transactions
- ❑ Holdings

The basis for the remaining figure is as follows:

$$\text{Collection Turnover} = \frac{\text{Annual Circulation}}{\text{Library Holdings}}$$

Please provide the latest data available regardless of fiscal year.

The data elements and output measures listed below are described in Output Measures for Public Libraries *(OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2, ALA, 1987). It is expected that you have followed these procedures or those described in the first edition (ALA, 1982). For Items 29-33 report separate figures for the central library (if any) and for all branches as well as a total. If you do not have a central library, put N/A in the space. For Items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.*

PERCENTAGES

These data are obtained using procedures described in OMPL2.	Percentage	Not Available
34. Reference completion rate (OMPL2 p.69-72)		
35. Title fill rate (OMPL2 p.50-62)		
36. Subject and author fill rate (OMPL2 p.50-62)		
37. Browsers' fill rate (OMPL2 p.50-62)		
38. Document delivery within 7 days (OMPL2 p.62-65)		
39. Document delivery within 30 days (OMPL2 p.62-65)		

G. LIBRARY ROLES

The roles listed below and a method for choosing among them are described in Chapter 4 of Planning and Role Setting for Public Libraries *(PRSPL, ALA, 1987).*

For purposes of this questionnaire, we are interested in the roles your library selected using PRSPL. If you have not yet used PRSPL to select roles for your library or you have used different roles from the ones described in PRSPL, please skip question 41. *Report system-wide or single building/central library roles only.*

41. Mark each of your **primary** roles (BUT NO MORE THAN TWO) with a "1."
Mark each of your **secondary** roles (BUT NO MORE THAN TWO) with a "2."
Mark **all remaining** roles with a "3" to indicate the maintenance level.

VI. Public Library Finance Survey

Financial practices of public libraries is the focus of this year's special questions. Collecting information in this area was influenced by a request from the PLA Fund Raising Committee in 1991 for information on unique fund-raising activities. In addition, a 1991-1992 study sponsored by the U.S. Department of Education and conducted for the Urban Libraries Council provided case studies of exemplary financial practices that identified a broad range of possible fund-raising activities. In *Keeping the Book$* (Highsmith, 1992), the editors note that "Traditional revenue producing methods are falling behind in their ability to support present public services...Discussions among many library leaders indicate that current information and typical practice are inadequate."

This section reports on sources of funding outside the base budget, from both governmental and non-governmental sources. Data are reported by population of legal service area in descending order.

The table in this section also reflects the non-governmental sources that generated the most income for each library. These sources are identified with a dollar sign ($) on the table. For all libraries reporting, the most revenue came from overdues, vending, and Friends groups. Book sales, fees, and individual contributions complete the list for most revenue across all population groups.

Respondents were also asked, "To what degree do you feel your library has autonomy in undertaking alternative funding activities (e.g. fees for services, endowments, etc.)?" A five-point scale was used, with five being the value for a great deal of autonomy. Across all population groups, the mean value on this scale was 3.55 (n=588). In each population group, the mean value was over 3. Extensive autonomy was reported by 54.3% of the libraries, moderate autonomy by 23.8% of the libraries and limited autonomy by 21.9% of the libraries.

Finally, respondents were asked, "During the past three years, how have the dollars you received from outside funding affected your local budget?" The majority of the libraries reported that outside funding did not affect their local budget (60.3%, n=614), and over a third of the libraries reported an increased local budget during the last three years (34.2%). A decrease in local budget for the same period was reported by 5.5% of the libraries.

Public libraries use a variety of sources for funding to supplement local allocations. This year's one-time questions focus on identifying the range of funding sources used by public libraries. Results will be published in the ***PLDS Statistical Report, 1993****.*

42. Is your library an independent taxing authority? ☐ Yes ☐ No

43. To what degree do you feel your library has autonomy in undertaking alternative funding activities (e.g., fees for services, endowments, etc.)?

1	2	3	4	5

44. A library foundation is a non-governmental, nonprofit organization with funds and/or programs managed by its own trustees or directors and which was established to maintain or aid a library [501(c)(3)].

Does your library have a library foundation? ☐ Yes ☐ No

45. During the most recently completed year, which of the following were used as a source of funds for the library outside local base budget (Question 13). Do not include the value of any contributed services or the value of in-kind gifts and donations.

Appendix A — PLDS Questionnaire

PLDS Public Library Data Service

Name of library _____

Street _____

City, State, Zip code _____

Library phone number (___) _____ Director's name _____

Person completing this form _____ Title _____ Phone #: (___) _____

Date of this response _____

RETURN FORM BY MARCH 12, 1993
IN ENVELOPE PROVIDED
OR MAIL TO:

PUBLIC LIBRARY ASSOCIATION
50 EAST HURON STREET
CHICAGO, ILLINOIS 60611

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

1. **Ending date for latest fiscal year** ___/___/___

A. GENERAL INFORMATION

2. **Population of legal service area.** Report the number of people in the geographical area for which the public library has been established to offer services and from which (or on behalf of which) the library derives income plus any areas served under contract for which this library is the primary service provider. See Chapter 5 of *Output Measures for Public Libraries*, second edition (OMPL2, ALA, 1987), for suggestions regarding sources for this figure.

Population of legal service area _____

3. **Library registration.** Report this figure only if the library has purged its file at least once within the last three years. If not, indicate by putting N/A in the space. See Chapter 5 of OMPL2 for suggestions for determining this figure.

Library registrations _____

4. **Holdings.** For the purpose of this data service, holdings will be defined as in OMPL2: the number of cataloged items (number of items, NOT number of titles) plus paperbacks and videocassettes even if uncataloged. Do NOT include periodicals whether cataloged or uncataloged.

Holdings _____

5. **Central library.** A single library building or a building where the principal collections are kept and handled, also called Main Library. A library system may or may not have a central library. Some systems may have an administrative center which is separate from the principal collection and is not open to the public. This type of building should not be reported.

Do you have a central library? (circle one) Yes No

6. **Branch libraries.** Report number, using the following definition: Branch libraries are auxiliary units which have all of the following: (1) separate quarters; (2) a permanent basic collection of books; (3) a permanent paid staff; and (4) a regular schedule for opening to the public.

Number of branches _____

7. **Bookmobiles.** Report number, using the following definition: A truck or van especially equipped to carry books and other library materials that serves as a traveling branch library. Count vehicles in use, not stops, during most recent fiscal year.

Number of bookmobiles _____

For items 8 and 9 report the current salary regardless of fiscal year.

8. **Current annual salary of director.** $ _____

9. **Salary of beginning librarian.** Report the salary that would typically be paid to a beginning librarian with an M.L.S. degree and no professional experience.

Current annual salary of beginning librarian $ _____

B. STAFF (FULL-TIME EQUIVALENT)

Report figures as of the last day of the fiscal year. Include unfilled positions if a search is currently underway. Report FTE in terms of your standard work week as long as that standard week is between 35 and 40 hours. If not, please convert to 40 hours a week.

10. **Librarians.** Report FTE of all who are: Staff members doing work that requires professional training and skill in the theoretical or scientific aspect of library work, or both, as distinct from its mechanical or clerical aspect. The usual educational requirement is a master's degree (or its historical antecedent) from a library education program. Include staff in managerial positions as well as in other positions.

Number of librarians (FTE) _____

11. **All other paid staff.** Include all other persons paid by the library budget EXCEPT plant operations and maintenance staff. Include paraprofessionals, clerks, pages and professionals other than librarians.

Number of all other paid staff (FTE) _____

12. **Total paid staff (FTE).** Total of Items 10-11 _____

C. OPERATING FINANCES

SOURCES OF INCOME

Operating finances are defined as follows: the current and recurrent income for, and costs necessary to the provision of library service, such as personnel, library materials, binding supplies, repair or replacement of existing furnishings and equipment, and costs incurred in the operation and maintenance of the physical facility. Note: Local accounting practice shall determine whether a particular source of income or expense is an operating appropriation or expense, regardless of the examples just given. This questionnaire DOES NOT ask for capital income or expense, however you define it.

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

13. **Local.** Report all tax and nontax receipts allocated by the community, district, or region of the public library and available for expenditure by the public library. Do NOT include the value of any contributed or in-kind services or the value of any gifts, donations, fines, or fees.

Income from local government $ _____

14. **State.** Report all revenue from funds collected by the state and distributed to public libraries for expenditure by the public libraries, EXCEPT for federal monies distributed by the states.

Income from state government $ _____

15. **Federal.** Report all revenue from funds collected by the federal government and distributed to public libraries for expenditure by the public libraries, including federal monies distributed by the states.

Income from federal government $ _____

16. **Other income.** Report all income other than that reported in Items 13-15. Include, for example, gifts, donations, interest, fines, and fees. This amount is the difference between the sum of the income reported in Items 13-15 and the total income reported in Item 17. Do not include the value of any contributed services or the value of in-kind gifts and donations.

Other income $ _____

17. **Total income.** Total of Items 13-16 $ _____

18. Does the local income for the **current** fiscal year reflect an **increase** or a **decrease** in **actual dollars** (i.e., not adjusted for inflation)?

[Please check [X] one.]

- ☐ **increase**. Our current local income is _____ **% greater** than the income reported in item 13.
- ☐ **no change**. Our current local income is the **same** this year as reported in item 13.
- ☐ **decrease**. Our current local income is _____ **% less** than the income reported in item 13.

OPERATING EXPENDITURES

19. **Salaries and wages.** This amount should be the salaries and wages for all library staff except plant operation and maintenance staff for the fiscal year. Salaries for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include salaries and wages before deductions, but exclude employee benefits.

Expenditure for salaries and wages $ _____

20. **Employee benefits.** These are defined as follows: The benefits outside of salary and wages paid and accruing to an employee except plant operations and maintenance staff, regardless of whether the benefits or equivalent cash options are available to all employees. Benefits for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include amounts spent by the library for direct, paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits. If these benefits are not paid from the library budget, mark N/A.

Expenditure for employee benefits $ _____

21. **Library materials.** Include expenditures for material in all formats purchased for use by patrons.

Expenditure for library materials $ _____

22. **Other operating expenditures.** Include all operating expenditures not reported in Items 19-21. Report salaries and benefits for plant operations and maintenance staff if paid from the library budget.

Expenditure on all other items $ _____

23. **Total operating expenditures.** Total of Items 19-22.

Total operating expenditures $ _____

D. COMMUNITY MEASURES

Items 24-28 below are optional. Age and education measures were selected for inclusion in the Public Library Data Service because they are known to be related to library service. These particular categories of age and education were selected because they are available for most legal service areas from the County and City Data Book (CCDB). If you can provide the data easily from CCDB or a reliable local source, please do so. If your legal service area is not shown in CCDB or a reliable local source or if that source uses different subcategories for age (Items 24-26) and education (Items 27-28), please mark NA in each blank.

AGE

24. **The percentage of people under 5 years old is** _____ %

25. **The percentage of people from 5 through 14 years old is** _____ %

26. **The percentage of people 65 years old or more is** _____ %

EDUCATION

27. **The percentage of people 25 years old and over who have completed 12 years or more of school is**

_____ %

28. **The percentage of people 25 years old and over who have completed 16 years or more of school is**

_____ %

Please provide the latest data available regardless of fiscal year.

The data elements and output measures listed below are described in Output Measures for Public Libraries *(OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2, ALA, 1987). It is expected that you have followed these procedures or those described in the first edition (ALA, 1982). For Items 29-33 report separate figures for the central library, if any, and for all branches as well as a total. If you do not have a central library, put N/A in the space. For Items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.*

ANNUAL COUNTS

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPL. They will be used with population of legal service area to produce per capita measures.

	Central Library	Total for All Branches/ Bookmobiles	Total	Not Available
29. **Annual circulation** (OMPL2 p.42-44)				
30. **Annual in-library materials use** (OMPL2 p.44-47)				
31. **Annual reference transactions** (OMPL2 p.65-69)				
32. **Annual number of library visits** (number of **individuals** entering the library) (OMPL2 p.37-41)				
33. **Annual program attendance** (OMPL2 p.71-72)				

PERCENTAGES

These data are obtained using procedures described in OMPL2.

	Percentage	Not Available
34. **Reference completion rate** (OMPL2 p.69-72)		
35. **Title fill rate** (OMPL2 p.50-62)		
36. **Subject and author fill rate** (OMPL2 p.50-62)		
37. **Browsers' fill rate** (OMPL2 p.50-62)		
38. **Document delivery within 7 days** (OMPL2 p.62-65)		
39. **Document delivery within 30 days** (OMPL2 p.62-65)		

E. INTERLIBRARY LOAN

40. **Interlibrary loan.** An item of library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are not under the same library administration.

a. Loans provided to other libraries _____

b. Loans received from other libraries _____

G. LIBRARY ROLES

The roles listed below and a method for choosing among them are described in Chapter 4 of Planning and Role Setting for Public Libraries *(PRSPL, ALA, 1987).*

For purposes of this questionnaire, we are interested in the roles your library selected using PRSPL. If you have not yet used PRSPL to select roles for your library or you have used different roles from the ones described in PRSPL, please skip question 41. *(Report system-wide or single building central library roles only.)*

41. Mark each of your **primary** roles (**BUT NO MORE THAN TWO**) with a "1."
Mark each of your **secondary** roles (**BUT NO MORE THAN TWO**) with a "2."
Mark **all remaining** roles with a "3" to indicate the maintenance level.

_____ A. Community activities center	_____ E. Popular materials library

H. GENERAL COMMENTS

Please tell us how you may have used the PLDS Statistical Report.

Please tell us anything about your library that will help us understand your response to this questionnaire.

PUBLIC LIBRARY FINANCE SURVEY

Public libraries use a variety of sources for funding to supplement local allocations. This year's survey asks questions focus on identifying the range of funding sources used by public libraries. Results will be published in the PLDS Statistical Report, 1993.

42. Is your library an independent taxing authority? ☐ Yes ☐ No

43. To what degree do you feel your library has autonomy in undertaking alternative funding activities (e.g., fees for services, endowments, etc.)?

1 2 3 4 5
very little great deal

44. A library foundation is a non-governmental, nonprofit organization with funds and/or programs managed by its own trustees or directors and which was established to maintain or aid a library (*Bibliography*).

Does your library have a library foundation? ☐ Yes ☐ No

45. During the most recently completed year, which of the following were used as a source of funds for the library outside local base budget (*Question 15*). Do not include the value of pro-contributed services or the value of in-kind gifts and donations.

	Used*	
A. Governmental sources		
State library aid (not LSCA)	☐ Yes	☐ No
Other state sources (e.g., state arts councils)	☐ Yes	☐ No
Library Services and Construction Act (LSCA) (exclude Title II)	☐ Yes	☐ No
Other federal sources (e.g., NEH, NEA, ITFA, NSF)	☐ Yes	☐ No
Other governmental sources (not state or federal) please specify:	☐ Yes	☐ No

FOR NON-GOVERNMENTAL SOURCES: If another organization (e.g., Friends) raises funds on behalf of the library, check both the organization and the type of fund-raising activity.

	Used*

Appendix B — Data Coding Decision Guidelines

The following coding rules governed the transfer of data from returned questionnaires to the summaries contained in this report.

General Rules

1. Data are accepted as reported in most cases. Libraries may be contacted to clarify selected responses.

2. If any item is redefined by the respondent on the questionnaire, enter NA or leave blank. Entries are not annotated to document exceptions.

3. If two or more responses are entered in one blank, and it is not possible to interpret the appropriate response, leave blank.

4. If a response is reported in a range, use the lower value.

Statistical Rules

Procedures for determining low, high, median, quartiles, mean, and number reporting for a given field:

Values were ranged in descending order.

The NUMBER REPORTING equals the number of libraries who gave a response.

The LOW equals the lowest number value in the sequence.

The HIGH equals the highest number value in the sequence.

The MEAN or average is the sum of all responses divided by the NUMBER REPORTING.

The MEDIAN is the middle value in the sequence if there is an odd number of values; if the NUMBER REPORTING is an even number, the MEDIAN is the higher of the two middle values. If the number responding is less than 3, the MEDIAN is not computed.

The LOWER QUARTILE (25%) is that number below which 25% of the responses fall. It is produced by dividing the number reporting by 4.

The UPPER QUARTILE (75%) is that number below which 75% of the responses fall. It is produced by dividing the number reporting by 4 and then multiplying by 3.

Fifty percent of the responses fall between the LOWER QUARTILE and the UPPER QUARTILE.

Rules Regarding Specific Questions

1. Fiscal year– If stated fiscal year ends after the date the questionnaire is completed, assume a typographical error on the year. Enter earlier data.

2. Central Library (Q5-7)– If library has no branches and no bookmobiles, assume a single, central library.

3. Staff (Q10-12)– Recompute to sum 10 and 11.

4. Financial information (Q13-17, 19-23)– Convert Canadian dollars to U.S. based on the exchange rate of 12/31. For 1992, this was $1.24.

Enter income and operating expenditures exactly as reported, rounding decimals to nearest dollar.

5. Annual counts (Q29-33)– If no branch or central breakouts are given, report items only in "Total" column.

If only central breakouts are reported for a single unit library, repeat figures in "Total." If only branch breakouts are reported and there is no central library, repeat figures in "Total."

Appendix C — Customized Data Service

In addition to the publication of the annual statistical reports, the Public Library Data Service offers Customized Reports tailored to individual needs. All six years of information currently in the database (1987-1992) are available for searching.

Examples of basic customized reports would be:

- a list of libraries serving similar population sizes sorted by a variable of choice such as budget, staff size, or number of branches;
- recalculation of the data for a group of libraries, such as circulation per staff member for libraries serving populations between 175,000 and 225,000;
- a five-year summary for a library or group of libraries.

The fee for a basic report is $35.00 for PLDS participants and $70.00 for nonPLDS participants. For more extensive reports, including more variables or graphics, additional time will be billed at an hourly rate of $25.00 for PLDS participants and $50.00 for non-participants. A not-to-exceed estimate will be made; only actual time is billed. Reports are available with a three-day turn around and will be sent via FAX or Federal Express upon request (requester to cover costs).

To order a PLDS Customized Report, send this form to the PLDS Project, School of Library and Information Studies, University of Wisconsin-Madison, 600 N. Park Street, Madison, WI 53706, or FAX it to 608-263-4849. For more information, call the PLDS Project at 608-263-2900.

Acknowledgements

Welcome to the seventh edition of the Public Library Data Service's *Statistical Report '94*. As always, this report is a team effort, the result of the contributions of many people. Special thanks to:

❑ The public librarians who contribute their time by collecting the data and completing the annual questionnaire, thus providing the raw material for this book;

❑ The Public Library Data Service Advisory Committee, chaired by Sheldon Kaye, who provides guidance and helps create the annual "one-time only" questions;

❑ The University of Wisconsin-Madison School of Library and Information Studies, especially faculty members Douglas L. Zweizig, Debra Wilcox Johnson and Jane B. Robbins; doctoral project assistants Linda Fidler and Chang Suk Kim; Kathy Richter and Clark Ambrose, for data entry; Richard Rankin and Craig Heilman, for programming;

❑ The staff of the Baltimore County Public Library, under the direction of Charles Robinson, who provide the graphic design, layout and production skills.

❑ The staff of the Public Library Association, especially Kathleen Hughes and Sandy Garrison, who coordinate all these efforts.

In seven years, this report has become an invaluable reference for librarians, trustees, governmental officials and the media. This is due to the dedication and hard work of the people acknowledged above. To make this report even more effective, we welcome participation from public libraries of all sizes. If you would like to add your library to this database, or if you have suggestions which could improve this report, please contact me.

Scope of this Report

The following groups of public libraries were invited to respond to the seventh annual Public Library Data Service Questionnaire.

❑ All libraries that participated in Public Library Data Service's *Statistical Report '93*

❑ A randomly selected group of 100 libraries serving populations of 50,000-100,000

❑ Additional U.S. and Canadian libraries now serving populations over 100,000

❑ Any other public libraries requesting inclusion

Data from libraries in these groups may not be in the following report if the library did not return the questionnaire or if it was returned too late for inclusion.

This 1994 report includes data from 685 public libraries, 55 more than the 1993 report and the highest since the beginning of the survey. This report also features a repeat of the 1991 questions on Public Library Children's Services in Section VI.

I. Library Identification

Data reported in this section are arranged alphabetically by the name of the library. Data in all other sections are arranged by size of population served. Use this section to determine the size of the population served by any reporting library.

Responses to these questionnaire items are represented in the Library Identification tables. In this section, a "blank" in the data table indicates that the information was not reported or unavailable.

The number of U.S. public libraries by population group is reported below. The data for this table were taken from the Federal-State Cooperative System (FSCS) Public Libraries Survey 1991, based on the 8,914 public libraries for which the population was known. For comparison, the number of U.S. libraries participating in the 1994 report also is given.

The number of Canadian libraries serving populations over 100,000 is also reported below. The data was taken from the *American Library Directory* (1993/94) and from the *Directory of Libraries in Canada* (1992). For comparison, the number of Canadian libraries participating in the 1994 report is also given.

The total number of libraries reporting in 1994 is 685.

A. GENERAL INFORMATION

2. **Population of legal service area.** Report the number of people in the geographical area for which the public library has been established to offer services and from which (or on behalf of which) the library derives income plus any areas served under contract for which this library is the primary service provider. See Chapter 5 of *Output Measures for Public Libraries*, second edition (OMPL2, ALA, 1987), for suggestions regarding sources for this figure.

Population of legal service area _____

5. **Central library.** A single library building **or** a building where the principal collections are kept and handled, also called Main Library. A library system may or may not have a central library. Some systems may have an administrative center which is separate from the principal collection and is not open to the public. This type of building should not be reported.

Do you have a central library? (circle one) Yes No

6. **Branch libraries.** Report number, using the following definition. Branch libraries are auxiliary units which have all of the following: (1) separate quarters, (2) a permanent basic collection of books, (3) a permanent paid staff, and (4) a regular schedule for opening to the public.

Number of branches _____

7. **Bookmobiles.** Report number, using the following definition. A truck or van especially equipped to carry books and other library materials that serves as a traveling branch library. Count vehicles in use, not stops, during most recent fiscal year.

Number of bookmobiles _____

II Financial Information

Data reported in this section are arranged by size of population served in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section I.

Derivative numbers were determined in the following manner:

$$\text{Expenditures per capita} = \frac{\text{Total operating expenditures}}{\text{Population of legal service area}}$$

$$\text{Salaries as a percent of expenditures} = \frac{\text{Expenditures for salaries and wages}}{\text{Total operating expenditures}}$$

$$\text{Materials as a percent of expenditures} = \frac{\text{Expenditures for library materials}}{\text{Total operating expenditures}}$$

$$\text{Materials expenditures per capita} = \frac{\text{Expenditures for library materials}}{\text{Population of legal service area}}$$

In this section, a "blank" in the data table indicates that the information was not reported or unavailable. Canadian dollars have been converted to U.S. dollars at a ratio of $1.32 Canadian = $1.00 U.S.

In the summary tables and the comparison charts, the following notations are used:

- n=0 No libraries reported this data element.
- n<3 Less than three libraries reported this data element.
- n<11 Less than eleven libraries reported this data element.

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

1. **Ending date for latest fiscal year.** __/__/__

For Items 8 and 9 report the current salary regardless of fiscal year.

8. **Current annual salary of director.** $ _____

9. **Salary of beginning librarian.** Report the salary that would typically be paid to a beginning librarian with an M.L.S. degree and no professional experience.

Current annual salary of beginning librarian $ _____

SOURCES OF INCOME

Operating finances are defined as follows: the current and recurrent income for, and costs necessary to the provision of library service, such as personnel, library materials, binding supplies, repair or replacement of existing furnishings and equipment, and costs incurred in the operation and maintenance of the physical facility. Note: Local accounting practice shall determine whether a particular source of income or expense is an operating appropriation or expense, regardless of the examples just given. This questionnaire ***DOES NOT*** *ask for capital income or expense, however you define it.*

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

13. **Local.** Report all tax and nontax receipts allocated by the community, district, or region of the public library and available for expenditure by the public library. Do **NOT** include the value of any contributed or in-kind services or the value of any gifts, donations, fines, or fees.

Income from local government $ _____

14. **State.** Report all revenue from funds collected by the state and distributed to public libraries for expenditure by the public libraries, **EXCEPT** for federal monies distributed by the states.

Income from state governments $ _____

15. **Federal.** Report all revenue from funds collected by the federal government and distributed to public libraries for expenditure by the public libraries, including federal monies distributed by the states.

Income from federal government $ _____

16. Other income. Report all income other than that reported in Items 13-15. Include, for example, gifts, donations, interest, fines, and fees. This amount is the difference between the sum of the income reported in Items 13-15 and the total income, reported in Item 17. Do not include the value of any contributed services or the value of in-kind gifts and donations.

Other income $ _____

17. Total income.

Total of Items 13-16 $ _____

18. Does the local income for the **current** fiscal year reflect an **increase** or a **decrease** in actual dollars (i.e., not adjusted for inflation)?

[Please check [X] one.]

☐ **increase**: Our current local income is _____ % **greater** than the income reported in item 13.

☐ **no change**: Our current local income is the **same** this year as reported in item 13.

☐ **decrease**: Our current local income is _____ % **less** than the income reported in item 13.

OPERATING EXPENDITURES

19. Salaries and wages. This amount should be the salaries and wages for all library staff except plant operation and maintenance staff for the fiscal year. Salaries for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include salaries and wages before deductions, but exclude employee benefits.

Expenditure for salaries and wages $ _____

20. Employee benefits. These are defined as follows: The benefits outside of salary and wages paid and accruing to an employee except plant operations and maintenance staff, regardless of whether the benefits or equivalent cash options are available to all employees. Benefits for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (Item 22). Include amounts spent by the library for direct, paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits. If these benefits are not paid from the library budget, mark N/A.

Expenditure for employee benefits $ _____

21. Library materials. Include expenditures for material in all formats purchased for use by patrons.

Expenditure for library materials $ _____

22. Other operating expenditures. Include all operating expenditures not reported in Items 19-21. Report salaries and benefits for plant operations and maintenance staff if paid from the library budget.

Expenditure on all other items $ _____

23. Total operating expenditures. Total of Items 19-22.

Total operating expenditures $ _____

III. Library Resources and Community Measures

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section I.

In this section, a "blank" in the data table indicates that the information was not reported or unavailable. In the summary tables, the following notations are used:

n=0 No libraries reported this data element.

n<3 Less than three libraries reported this data element.

n<11 Less than eleven libraries reported this data element.

3. **Library registration.** Report this figure only if the library has purged its file at least once *within* the last three years. If not, indicate by putting N/A in the space. See Chapter 5 of OMPL2 for suggestions for determining this figure.

Library registrations _____

4. **Holdings.** For the purpose of this data service, holdings will be defined as in OMPL2: the number of cataloged items (number of items, **NOT** number of titles) plus paperbacks and videocassettes even if uncataloged. Do **NOT** include periodicals whether cataloged or uncataloged.

Holdings _____

B. STAFF (FULL-TIME EQUIVALENT)

Report figures as of the last day of the fiscal year. Include unfilled positions if a search is currently underway. Report FTE in terms of your standard work week as long as that standard week is between 35 and 40 hours. If not, please convert to 40 hours a week.

10. **Librarians.** Report FTE of all who are: Staff members doing work that requires professional training and skill in the theoretical or scientific aspect of library work, or both, as distinct from its mechanical or clerical aspect. The usual educational requirement is a master's degree (or its historical antecedent) from a library education program. Include staff in managerial positions as well as in other positions.

Number of librarians (FTE) _____

11. **All other paid staff.** Include all other persons paid by the library budget **EXCEPT** plant operations and maintenance staff. Include paraprofessionals, clerks, pages and professionals other than librarians.

Number of all other paid staff (FTE) _____

12. **Total paid staff (FTE).** Total of Items 10-11 _____

D. COMMUNITY MEASURES

Items 24-28 below are optional. Age and education measures were selected for inclusion in the Public Library Data Service because they are known to be related to library service. These particular categories of age and education were selected because they are available for most legal service areas from the County and City Data Book *(CCDB). If you can provide the data easily from CCDB or a reliable local source, please do so. If your legal service area is not shown in CCDB or a reliable local source or if that source uses different subcategories for age (Items 24-26) and education (Items 27-28), please mark NA in each blank.*

AGE

24. The percentage of people under 5 years old is _____ %.

25. The percentage of people from 5 through 14 years old is _____ %.

26. The percentage of people 65 years old or more is _____ %.

EDUCATION

27. The percentage of people 25 years old and over who have completed 12 years or more of school is

_____ %.

28. The percentage of people 25 years old and over who have completed 16 years or more of school is

_____ %.

IV. Annual Use Figures

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section I.

In this section, a "blank" in the data table indicates that the information was not reported or unavailable. In the summary tables, the following notations are used:

- n=0 No libraries reported this data element.
- n<3 Less than three libraries reported this data element.
- n<11 Less than eleven libraries reported this data element.

Please provide the latest data available regardless of fiscal year.

The data elements and output measures listed below are described in Output Measures for Public Libraries (OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2, ALA, 1987). It is expected that you have followed these procedures or those described in the first edition (ALA, 1982). For Items 29-33 report separate figures for the central library (if any) and for all branches as well as a total. If you do not have a central library, put N/A in the space. For Items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.

ANNUAL COUNTS

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPL. They will be used with population of legal service area to produce per capita measures.

	Central Library	Total for All Branches/ Bookmobiles	Total	Not Available
29. Annual circulation (OMPL2 p.42-44)				
30. Annual in-library materials use (OMPL2 p.44-47)				
31. Annual reference transactions (OMPL2 p.65-69)				
32. Annual number of library visits (number of **individuals** entering the library)(OMPL2 p.37-41)				
33. Annual program attendance (OMPL2 p.71-72)				

F. INTERLIBRARY LOAN

40. Interlibrary loan. An item of library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are *not* under the same library administration.

a. Loans provided to other libraries _____

b. Loans received from other libraries _____

V. Output Measures and Role Selection

Data reported in this section are arranged by size of population served, in descending order from the highest to the lowest. If size of population served is unknown for a particular library about which information is desired, consult Section I.

The per capita figures in these tables were determined by dividing the following annual counts by the reported population of the library's legal service area.

- ❑ Circulation
- ❑ In-Library Visits
- ❑ Visits
- ❑ Reference Transactions
- ❑ Holdings

$$\text{Collection Turnover} = \frac{\text{Circulation}}{\text{Holdings}}$$

In this section, a "blank" in the data table indicates that the information was not reported or unavailable. In the summary tables and comparison charts, the following notations are used:

n=0	No libraries reported this data element
n<3	Less than three libraries reported this data element
n<11	Less than eleven libraries reported this data element

Please provide the latest data available regardless of fiscal year.

The data elements and output measures listed below are described in Output Measures for Public Libraries *(OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2, ALA, 1987). It is expected that you have followed these procedures or those described in the first edition (ALA, 1982). For Items 29-33 report separate figures for the central library (if any) and for all branches as well as a total. If you do not have a central library, put N/A in the space. For Items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.*

PERCENTAGES

These data are obtained using procedures described in OMPL2.	Percentage	Not Available
34. **Reference completion rate** (OMPL2 p.69-72)		
35. **Title fill rate** (OMPL2 p.50-62)		
36. **Subject and author fill rate** (OMPL2 p.50-62)		
37. **Browsers' fill rate** (OMPL2 p.50-62)		
38. **Document delivery within 7 days** (OMPL2 p.62-65)		
39. **Document delivery within 30 days** (OMPL2 p.62-65)		

G. LIBRARY ROLES

The roles listed below and a method for choosing among them are described in Chapter 4 of Planning and Role Setting for Public Libraries *(PRSPL, ALA, 1987).*

For purposes of this questionnaire, we are interested in the roles your library selected using PRSPL. If you have not yet used PRSPL to select roles for your library or you have used different roles from the ones described in PRSPL, please skip question 41. *Report system-wide or single building/central library roles only.*

41. Mark each of your **primary** roles (BUT NO MORE THAN TWO) with a "1."
Mark each of your **secondary** roles (BUT NO MORE THAN TWO) with a "2."
Mark **all remaining** roles with a "3" to indicate the maintenance level.

VI. Children's Services Survey

Public Library Services to Children is the focus of this year's special questions. It is the first time that a set of special questions has been repeated.

In 1991 five questions about children's services were asked: children's holdings, children's materials budget, children's population of legal service area, annual circulation of children's materials, and annual children's program attendance.

With the publication of *Output Measures for Public Library Services to Children (OMPLC)* (ALA, 1992), additional measures were added for the *1994 Statistical Report:* annual count of in-library use of children's library materials, children's information transactions, and children's visits, and the corresponding per capita measures.

In order to keep all children's data on one page, comparison columns of overall library figures were dropped from Section VI. The overall library data are found in Sections I-V.

For a discussion of the 1991 data on children's services, the reader is referred to "The Children's Services Story" (*Public Libraries* 31 (1993): 26-28) by Douglas Zweizig.

In this section, a "blank" in the data table indicates that the information was not reported or unavailable. Canadian dollars have been converted to U.S. dollars at a ratio of $1.32 Canadian = $1.00 U.S.

In the summary tables, the following notations are used:

- n=0 No libraries reported this data element.
- n<3 Less than three libraries reported this data element.
- n<11 Less than eleven libraries reported this data element.

CHILDREN'S SERVICES SURVEY

For the second time, the Public Library Data Service is collecting data on public library services for children and their care givers. In addition to the questions that were asked in the **Statistical Report '91**, *new questions which reflect* **Output Measures for Public Library Service to Children** *(OMPLC,1992) are included.*

When answering this survey, the term ***"Children"*** *is defined as those 14 years old and younger.*

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

For Items 42 - 45 report for the library as a whole (i.e., the central library and all branches).

42. If you are unable to participate in this survey on Children's Services, please check the box which best explains why:

These data are unavailable for my library's legal service area. ☐

These data may be available but I do not have the time to collect. ☐

43. Children's Materials Holdings. This is the number of juvenile print and non–print, cataloged and uncataloged items (number of ITEMS, **NOT** number of titles). Do **NOT** include periodicals whether cataloged or uncataloged. (OMPLC, p. 39)

Children's materials holdings _____

44. Children's Library Materials Budget. Include expenditures for material in all formats including periodicals which are purchased for use by patrons 14 years and younger.

Expenditures for children's library materials $ _____

45. Children's Population of Legal Service Area. Number of people 14 years or under who live in legal service area. (If necessary, compute the raw number for these two categories by using the % value in the *County and City Data Book*; refer to your answers for questions 2, 24, 25.) (OMPLC, p. 24)

Population of legal service area under 5 years old _____

Population of legal service area 5 years through 14 years old _____

OUTPUT MEASURES

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPLC.

46. **Annual Circulation of Children's Materials**. Total circulation (including renewals) of all children's materials in all formats to all users. (OMPLC, p. 35-36)

Annual circulation of children's materials _____

47. **Annual In–Library Use of Children's Materials.** Total number of items removed from the shelf or from their usual locations by staff or public. (OMPLC, p. 37-39)

In-Library use of children's materials _____

48. **Annual Children's Information Transactions.** Total number of contacts between a library user who is 14 and under or an adult acting on behalf of a child and a library staff member who provides help with or knowledge, interpretation, or instruction in the use of, an information source. (OMPLC, p. 50-54)

Children's information transactions _____

49. **Annual Number of Children's Library Visits.** Total number of library visits by people age 14 and under. (OMPLC, p. 26-29)

Children's library visits _____

50. **Annual Children's Program Attendance**. Total number of people who attended children's programs intended primarily for children and conducted under sponsorship of the library. (OMPLC, p. 54-56)

Children's program attendance _____

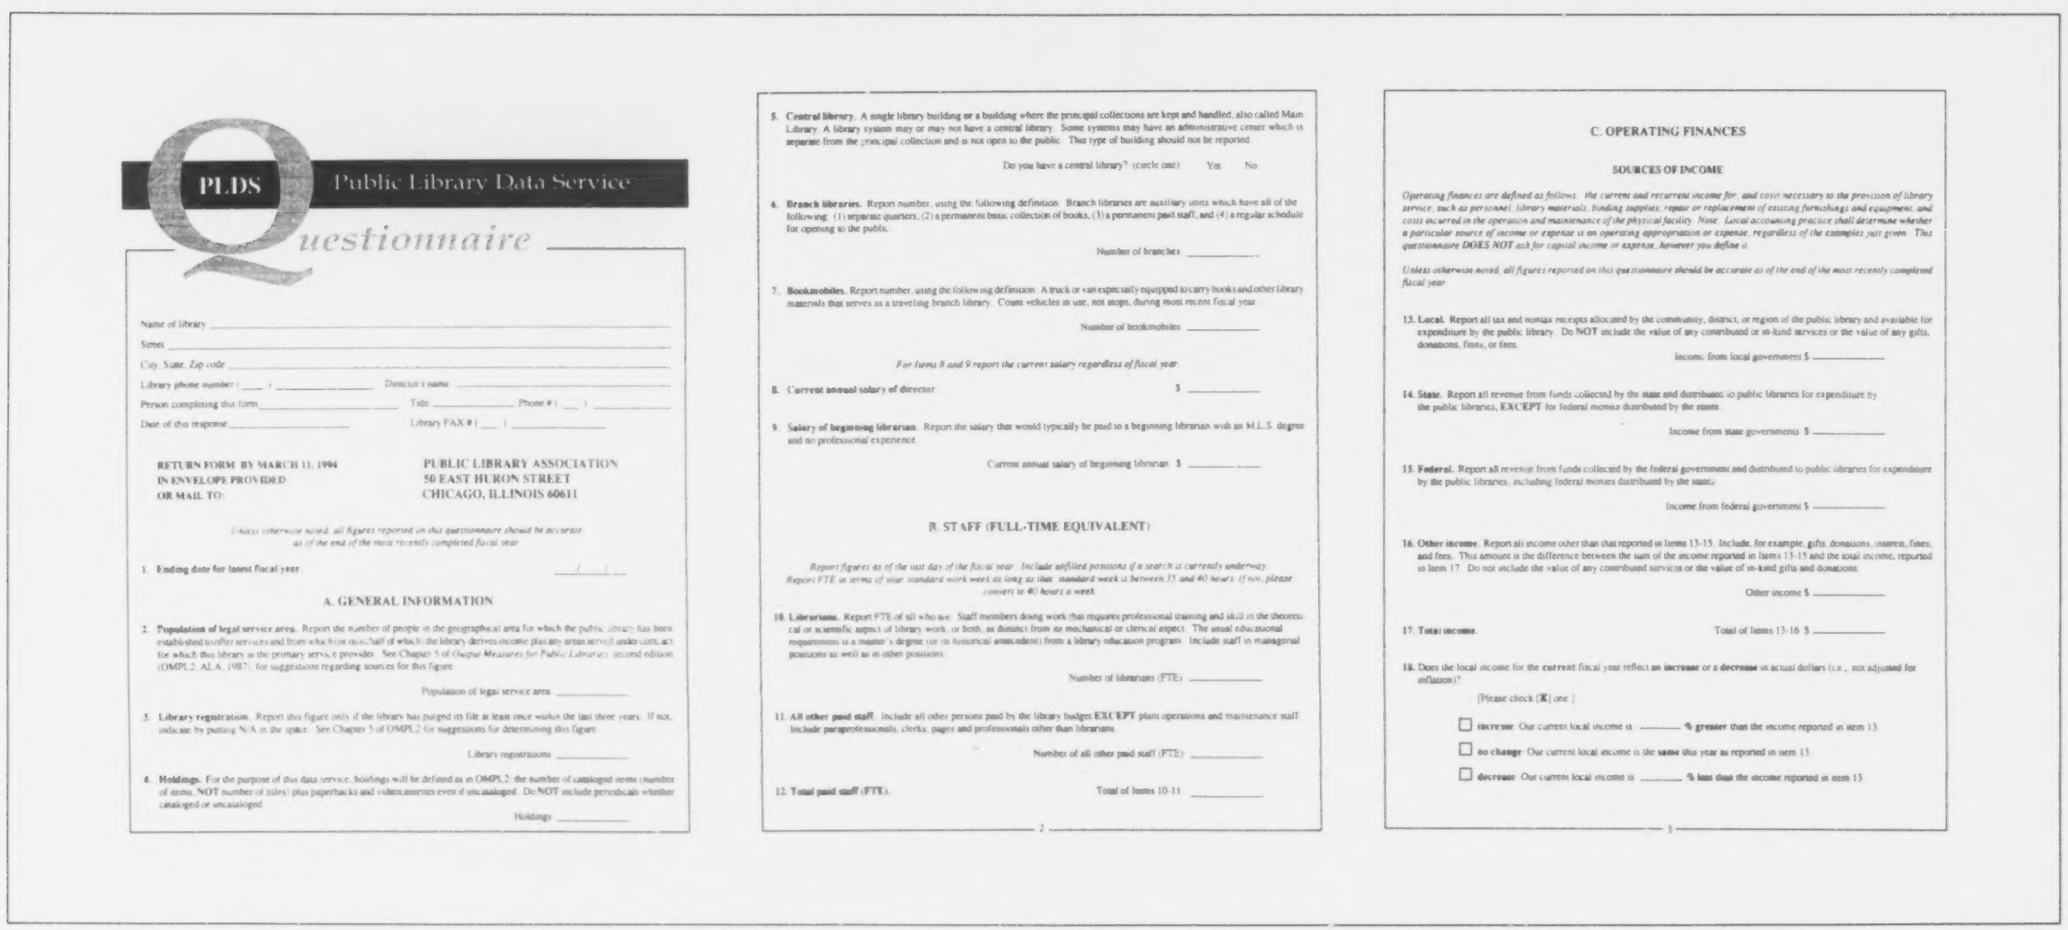
Appendix A — PLDS Questionnaire



PLDS Public Library Data Service

Questionnaire

Name of library _____

Street _____

City, State, Zip code _____

Library phone number (___) _____ Director's name _____

Person completing this form _____ Title _____ Phone # (___) _____

Date of this response _____ Library FAX # (___) _____

RETURN FORM BY MARCH 11, 1994
IN ENVELOPE PROVIDED
OR MAIL TO:

PUBLIC LIBRARY ASSOCIATION
50 EAST HURON STREET
CHICAGO, ILLINOIS 60611

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

1. **Ending date for latest fiscal year.** ___/___/___

A. GENERAL INFORMATION

2. **Population of legal service area.** Report the number of people in the geographical area for which the public library has been established to offer services and from which it receives funds. Staff of which the library derives income plus any areas served under contract for which this library is the primary service provider. See Chapter 5 of *Output Measures for Public Libraries*, second edition (OMPL2, ALA, 1987), for suggestions regarding sources for this figure.

Population of legal service area _____

3. **Library registration.** Report this figure only if the library has purged its file at least once within the last three years. If not, indicate by putting N/A in the space. See Chapter 5 of OMPL2 for suggestions for determining this figure.

Library registrations _____

4. **Holdings.** For the purpose of this data service, holdings will be defined as in OMPL2: the number of cataloged items (number of items, NOT number of titles) plus paperbacks and videocassettes even if uncataloged. Do NOT include periodicals whether cataloged or uncataloged.

Holdings _____

5. **Central library.** A single library building or a building where the principal collections are kept and handled; also called Main Library. A library system may or may not have a central library. Some systems may have an administrative center which is separate from the principal collection and is not open to the public. This type of building should not be reported.

Do you have a central library? (circle one) Yes No

6. **Branch libraries.** Report number, using the following definition. Branch libraries are auxiliary units which have all of the following: (1) separate quarters, (2) a permanent basic collection of books, (3) a permanent paid staff, and (4) a regular schedule for opening to the public.

Number of branches _____

7. **Bookmobiles.** Report number, using the following definition. A truck or van especially equipped to carry books and other library materials that serves as a traveling branch library. Count vehicles in use, not stops, during most recent fiscal year.

Number of bookmobiles _____

For Items 8 and 9 report the current salary regardless of fiscal year.

8. **Current annual salary of director.** $ _____

9. **Salary of beginning librarian.** Report the salary that would typically be paid to a beginning librarian with an M.L.S. degree and no professional experience.

Current annual salary of beginning librarian $ _____

B. STAFF (FULL-TIME EQUIVALENT)

Report figures as of the last day of the fiscal year. Include unfilled positions if a search is currently underway. Report FTE in terms of your standard work week as long as that standard week is between 35 and 40 hours. If not, please convert to 40 hours a week.

10. **Librarians.** Report FTE of all who are: Staff members doing work that requires professional training and skill in the theoretical or scientific aspect of library work, or both, as distinct from its mechanical or clerical aspect. The usual educational requirement is a master's degree (or its historical antecedent) from a library education program. Include staff in managerial positions as well as in other positions.

Number of librarians (FTE) _____

11. **All other paid staff.** Include all other persons paid by the library budget **EXCEPT** plant operations and maintenance staff. Include paraprofessionals, clerks, pages and professionals other than librarians.

Number of all other paid staff (FTE) _____

12. **Total paid staff (FTE).** Total of Items 10-11 _____

C. OPERATING FINANCES

SOURCES OF INCOME

*Operating finances are defined as follows: the current and recurrent income for, and costs necessary to the provision of library service, such as personnel, library materials, binding supplies, repair or replacement of existing furnishings and equipment, and costs incurred in the operation and maintenance of the physical facility. Note: Local accounting practice shall determine whether a particular source of income or expense is an operating appropriation or expense, regardless of the examples just given. This questionnaire **DOES NOT** ask for capital income or expense, however you define it.*

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

13. **Local.** Report all tax and nontax receipts allocated by the community, district, or region of the public library and available for expenditure by the public library. Do NOT include the value of any contributed or in-kind services or the value of any gifts, donations, fines, or fees.

Income from local government $ _____

14. **State.** Report all revenue from funds collected by the state and distributed to public libraries for expenditure by the public libraries, **EXCEPT** for federal monies distributed by the states.

Income from state government $ _____

15. **Federal.** Report all revenue from funds collected by the federal government and distributed to public libraries for expenditure by the public libraries, including federal monies distributed by the states.

Income from federal government $ _____

16. **Other income.** Report all income other than that reported in Items 13-15. Include, for example, gifts, donations, interest, fines, and fees. This amount is the difference between the sum of the income reported in Items 13-15 and the total income, reported in Item 17. Do not include the value of any contributed services or the value of in-kind gifts and donations.

Other income $ _____

17. **Total income.** Total of Items 13-16 $ _____

18. Does the local income for the **current** fiscal year reflect an **increase** or a **decrease** in actual dollars (i.e., not adjusted for inflation)?

[Please check [**X**] one.]

☐ **increase**. Our current local income is _____ **% greater than** the income reported in item 13.

☐ **no change**. Our current local income is the **same** this year as reported in item 13.

☐ **decrease**. Our current local income is _____ **% less than** the income reported in item 13.

OPERATING EXPENDITURES

19. Salaries and wages. This amount should be the salaries and wages for all library staff except plant operation and maintenance staff for the fiscal year. Salaries for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (item 22). Include salaries and wages before deductions, but exclude employee benefits.

Expenditure for salaries and wages $ _____

20. Employee benefits. These are defined as follows: The benefits outside of salary and wages paid and accruing to an employee except plant operations and maintenance staff, regardless of whether the benefits or equivalent cash options are available to all employees. Benefits for plant operation and maintenance staff, if paid from the library budget, should be reported as other expenditures (item 22). Include amounts spent by the library for direct, paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workmen's compensation, tuition, and housing benefits. If these benefits are not paid from the library budget, mark N/A.

Expenditure for employee benefits $ _____

21. Library materials. Include expenditures for material in all formats purchased for use by patrons.

Expenditure for library materials $ _____

22. Other operating expenditures. Include all operating expenditures not reported in items 19-21. Report salaries and benefits for plant operations and maintenance staff if paid from the library budget.

Expenditure on all other items $ _____

23. Total operating expenditures. Total of items 19-22.

Total operating expenditures $ _____

D. COMMUNITY MEASURES

Items 24-28 below are optional. Age and education measures were selected for inclusion in the Public Library Data Service because they are known to be related to library service. These particular categories of age and education were selected because they are available for most legal service areas from the County and City Data Book (CCDB). *If you can provide the data easily from CCDB or a reliable local source, please do so. If your legal service area is not chosen in CCDB or a reliable local source or if that source uses different subcategories for age (items 24-26) and education (items 27-28), please mark NA in each blank.*

AGE

24. The percentage of people under 5 years old is _____ %

25. The percentage of people from 5 through 14 years old is _____ %

26. The percentage of people 65 years old or more is _____ %

EDUCATION

27. The percentage of people 25 years old and over who have completed 13 years or more of school is

_____ %

28. The percentage of people 25 years old and over who have completed 16 years or more of school is

_____ %

E. OUTPUT MEASURES

Please provide the latest data available regardless of fiscal year.

The data elements and output measures used below are described in Output Measures for Public Libraries *(OMPL). Page references are given to data collection procedures in the second edition of this work (OMPL2. ALA. 1987). It is expected that you have followed these procedures or those described in the first edition (ALA. 1982). For items 29-33 report separate figures for the central library (if any) and for all branches as well as a total. If you do not have a central library, put N/A in the space. For items 34-39 report for the library as a whole (i.e., the central library and all branches). If an item is not available, mark in the Not Available space.*

ANNUAL COUNTS

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPL. They will be used with population of legal service area to produce per capita measures.

	Central Library	Total for All Branches/ Bookmobiles	Total	Not Available
29. Annual circulation (OMPL2 p.62-64)				
30. Annual in-library materials use (OMPL2 p.64-67)				
31. Annual reference transactions (OMPL2 p.65-69)				
32. Annual number of library visits (number of individuals entering the library) (OMPL2 p.37-41)

F. INTERLIBRARY LOAN

40. Interlibrary loan. An item of library material, or a copy of the material, is made available by one library to another upon request. It includes both lending and borrowing. The libraries involved in interlibrary loan are not under the same library administration.

a. Loans provided to other libraries _____

b. Loans received from other libraries _____

G. LIBRARY ROLES

The roles listed below and a method for choosing among them are described in Chapter 4 of Planning and Role Setting for Public Libraries *(PRSPL. ALA. 1987).*

For purposes of this questionnaire, we are interested in the roles your library selected using PRSPL. If you have not yet used PRSPL to select roles for your library, or you have used different roles from the ones described in PRSPL, please skip question 41. *Report system-wide or single building/central library roles only.*

41. Mark each of your primary roles (are no more than two) with a "1."
Mark each of your secondary roles (are no more than two) with a "2."
Mark all remaining roles with a "3" to indicate the maintenance level.

H. GENERAL COMMENTS

Please tell us how you may have used the PLDS Statistical Report.

Please tell us anything about your library that will help us understand your responses on this questionnaire.

CHILDREN'S SERVICES SURVEY

For the second time, the Public Library Data Service is collecting data on public library services for children and their care givers. In addition to the questions that were asked in the ***Statistical Report '91****, new questions which reflect* ***Output Measures for Public Library Service to Children*** *(OMPLC,1992) are included.*

*When answering this survey, the term "**Children**" is defined as those 14 years old and younger.*

Unless otherwise noted, all figures reported on this questionnaire should be accurate as of the end of the most recently completed fiscal year.

For items 42-50 report for the library as a whole (i.e., the central library and all branches).

42. If you are unable to participate in this survey on Children's Services, please check the box which best explains why:

These data are unavailable for my library's legal service area. ☐

These data may be available but I do not have the time to collect. ☐

43. **Children's Materials Holdings**. This is the number of juvenile print and non-print, cataloged and uncataloged items (number of ITEMS, NOT number of titles). Do NOT include periodicals whether cataloged or uncataloged. (OMPLC, p. 39)

Children's materials holdings _____

44. **Children's Library Materials Budget**. Include expenditures for material in all formats including periodicals which are purchased for use by patrons 14 years and younger.

Expenditures for children's library materials $ _____

45. **Children's Population of Legal Service Area**. Number of people 14 years or under who live in legal service area. (If necessary, compute the raw number for these two categories by using the % value in the *County and City Data Book*; refer to your answers for questions 2, 24, 25.) (OMPLC, p. 24)

Population of legal service area under 5 years old _____

Population of legal service area 5 years through 14 years old _____

OUTPUT MEASURES

The following data elements are either exact counts or annual figures based on counts taken on sample days according to procedures in OMPLC.

46. **Annual Circulation of Children's Materials**. Total circulation (including renewals) of all children's materials in all formats to all users. (OMPLC, p. 35-36)

Annual circulation of children's materials _____

47. **Annual In-Library Use of Children's Materials**. Total number of items removed from the shelf or from their usual locations by staff or public. (OMPLC, p. 37-39)

In-library use of children's materials _____

48. **Annual Children's Information Transactions**. Total number of contacts between a library user who is 14 and under or an adult acting on behalf of a child and a library staff member who provides help with or knowledge, interpretation, or instruction in the use of, an information source. (OMPLC, p. 50-54)

Children's information transactions _____

49. **Annual Number of Children's Library Visits**. Total number of library visits by people age 14 and under. (OMPLC, p. 26-29)

Children's library visits _____

50. **Annual Children's Program Attendance**. Total number of people who attended children's programs intended primarily for children and conducted under sponsorship of the library. (OMPLC, p. 54-56)

Children's program attendance _____

Appendix B — Data Coding Decision Guidelines

The following coding rules governed the transfer of data from returned questionnaires to the summaries contained in this report.

General Rules

1. Data are accepted as reported in most cases. Libraries may be contacted to clarify selected responses.

2. If any item is redefined by the respondent on the questionnaire, enter NA or leave blank. Entries are not annotated to document exceptions.

3. If two or more responses are entered in one blank, and it is not possible to interpret the appropriate response, leave blank.

4. If a response is reported in a range, use the lower value.

Statistical Rules

Procedures for determining low, high, median, quartiles, mean, and number reporting for a given field:

Values were ranged in descending order.

The NUMBER REPORTING equals the number of libraries who gave a response.

The LOW equals the lowest number value in the sequence.

The HIGH equals the highest number value in the sequence.

The MEAN or average is the sum of all responses divided by the NUMBER REPORTING.

The MEDIAN is the middle value in the sequence if there is an odd number of values; if the NUMBER REPORTING is an even number, the MEDIAN is the average of the two middle values. If the number responding is less than 3, the MEDIAN is not computed.

The LOWER QUARTILE (25%) is that number below which 25% of the responses fall. It is produced by dividing the number reporting by 4.

The UPPER QUARTILE (75%) is that number below which 75% of the responses fall. It is produced by dividing the number reporting by 4 and then multiplying by 3.

Fifty percent of the responses fall between the LOWER QUARTILE and the UPPER QUARTILE.

Rules Regarding Specific Questions

1. Fiscal year– If stated fiscal year ends after the date the questionnaire is completed, assume a typographical error on the year. Enter earlier data.

2. Central Library (Q5-7)– If library has no branches and no bookmobiles, assume a single, central library.

3. Staff (Q10-12)– Recompute to sum 10 and 11.

4. Financial information (Q13-17, 19-23)– Convert Canadian dollars to U.S. based on the exchange rate of 12/31. For 1993, this was $1.32.

Enter income and operating expenditures exactly as reported, rounding decimals to nearest dollar.

5. Annual counts (Q29-33)– If no branch or central breakouts are given, report items only in "Total" column.

If only central breakouts are reported for a single unit library, repeat figures in "Total." If only branch breakouts are reported and there is no central library, repeat figures in "Total."

Appendix C — Customized Data Service

In addition to the publication of the annual statistical reports, the Public Library Data Service offers Customized Reports tailored to individual needs. All six years of information currently in the database (1987-1993) are available for searching.

Examples of basic customized reports would be:

- a list of libraries serving similar population sizes sorted by a variable of choice such as budget, staff size, or number of branches;
- recalculation of the data for a group of libraries, such as circulation per staff member for libraries serving populations between 175,000 and 225,000;
- a five-year summary for a library or group of libraries.

The fee for a basic report is $35.00 for PLDS participants and $70.00 for non-PLDS participants. For more extensive reports, including more variables or graphics, additional time will be billed at an hourly rate of $25.00 for PLDS participants and $50.00 for non-participants. A not-to-exceed estimate will be made; only actual time is billed. Reports are available with a three-day turnaround and will be sent via FAX or Federal Express upon request (requester to cover costs).

To order a PLDS Customized Report, send this form to the PLDS Project, School of Library and Information Studies, University of Wisconsin-Madison, 600 N. Park Street, Madison, WI 53706, or fax it to 608-263-4849. For more information, call the PLDS Project at 608-263-2900.
